EXPERIENCE

Backend Developer & DevOps Engineer

Edmonton, AB

18 Studio Web Agency | Python, Java, GitHub Actions, Terraform, AWS

June 2025 – Present

- Developed RESTful backend services in Python, and built Spring Boot services in Java, integrating PostgreSQL with secure and optimized SQL schemas.
- Automated CI/CD workflows with GitHub Actions and Docker, deploying containerized applications to a Kubernetes cluster to streamline build and deployment pipelines.
- Provisioned AWS infrastructure using Terraform, applying Infrastructure as Code for scalable and reproducible deployments.
- Integrated AI coding assistants and LLM tools into daily workflows to accelerate backend delivery and automate DevOps tasks.
- Collaborated directly with a small client team across feature delivery, deployment, and ongoing support.

Backend Developer

VNPT | Python, Java, Docker, GitLab CI/CD

Jan 2023 – Aug 2023, May 2024 – Dec 2024

- Containerized applications with Docker and implemented automated pipelines using GitLab CI/CD to streamline testing and deployment workflows.
- Built APIs with FastAPI and Java Spring Boot to support data processing, reporting, and internal service integrations.
- Optimized PostgreSQL performance through schema improvements and query tuning, improving data access speed and reliability.
- Collaborated with senior engineers, QA, and business analysts on system design discussions, testing, and peer code reviews during feature delivery.

PROJECTS

Portfolio Website with AWS Infrastructure & CI/CD ([GitHub](#))

React, Tailwind CSS, Docker, GitHub Actions, Terraform, AWS

- Built a personal portfolio website as a React single-page app styled with Tailwind CSS.
- Implemented CI/CD pipelines with GitHub Actions to automate testing, build, and deploy static assets to S3 with cache control and CloudFront invalidation.
- Provisioned AWS infrastructure with Terraform (remote state in S3), applying Infrastructure as Code practices for reproducible environments.

TECHNICAL SKILLS

Programming Language: Python, Java, Rust, C++, TypeScript, JavaScript, HTML, CSS

Database Management: PostgreSQL, MySQL, MongoDB, Firebase

DevOps & Cloud: Git, Nginx, Kubernetes, Docker, GitHub Actions, GitLab CI/CD, Terraform, Linux, AWS, Azure

CERTIFICATION

Certified Kubernetes Administrator (CKA) [2026]

AWS Certified Solutions Architect – Associate (SAA-C03) [2026]

AWS Certified Developer – Associate (AWS DVA-C02) [2026]

Microsoft Certified: Azure Administrator Associate (AZ-104) [2026]

EDUCATION

University of Alberta

Edmonton, AB

Bachelor of Science in Computer Engineering (Co-op), Software Option

Sep. 2020 – May 2025
